Subject: Docket# 2008-460-ws

To Whom it May Concern:

I am writing to you in reference to the water hike that is proposed for the residents that receive their water through Avondale Mills. I would like to take this opportunity to request a meeting in Aiken county so that the residents of Graniteville and Vacluse can possibly attend the meeting and have their voices heard. It sounds to me that by scheduling the meeting in Columbia only the people in charge are stacking the deck in their favor and not really providing the people that this pay increase will effect to really be heard. I understand the reasoning behind a pay increase however I do not understand a 700% increase. It wouldn't be so bad of an increase if the money was actually going to come back to the town of Graniteville and Vacluse. However from my understanding the money is only going into shareholders pockets for what they perceive as a

incentive. Most of the people in the towns that this will effect cannot or do not want to pay this increase.
Thank you for your time and consideration.

Sincerely

Barbara Weathers
